EDUCATION

Bachelor of Technology in Computer Science, KIET Group Of Institutions, AKTU 2023 – 2027
CGPA: 7.1/10

Intermediate (Class XII), D.A.V Public School 2022
Score: 85%

EXPERIENCE

AWS Certified Cloud Practitioner (CLF-C02) 2026

- Demonstrated knowledge of cloud computing fundamentals, AWS global infrastructure, and core services (EC2, S3, RDS, Lambda).
- Gained understanding of IAM, shared responsibility model, security best practices, and compliance principles.
- Applied cloud concepts to design scalable and cost-efficient architectures.
- Familiar with AWS pricing models, billing, and monitoring services like CloudWatch.

Microsoft Learn Student Ambassador (MLSA) – Trainee Nov 2024 – Present

- Completed hands-on training in full-stack development and Microsoft Azure fundamentals.
- Collaborated on technical projects and peer learning initiatives.
- Built and deployed applications using modern web technologies and cloud platforms.

PROJECTS

AthLead – AI Sports Analytics & Talent Ranking Platform — React.js, Node.js, Express, MongoDB, Python, JWT 2025

- Built a full-stack platform enabling athletes and coaches to securely input performance data and receive AI-driven scoring insights.
- Designed and developed RESTful APIs and integrated a Python-based ML model for player performance evaluation.
- Developed interactive dashboards to visualize performance metrics, rankings, and event data.
- Selected for **Smart India Hackathon 2025 (Ministry of Youth Affairs & Sports, Government of India)**.

Zingle – Social Media Platform — React (Vite), Node.js, Express, MongoDB, Redux, Tailwind CSS 2026

- Built a full-stack social media app with posts, stories, messaging, and user connections.
- Developed RESTful APIs and authentication (Clerk) for secure user and data management.
- Integrated media handling (Cloudinary/ImageKit) and designed responsive UI with Redux state management.

Wanderlust – Airbnb-like Rental SaaS Platform — MERN, MVC, MongoDB Atlas 2026

- Built an Airbnb-style rental SaaS platform using MERN architecture.
- Implemented MVC structure, schema validation, and secure session-based authentication.
- Integrated image uploads and deployed on MongoDB Atlas.

TECHNICAL SKILLS

Programming Languages	MERN, NEXT.js, Typescript, Prisma, Postgres, JavaScript, Java, SQL, GSAP, Kubernetes,
Developer Tools	VS Code, IntelliJ IDEA, Prisma Studio, Docker, Obsidian
Technologies	linux, GitHub, FireBase, MySQL, HTML, CSS

EXTRA-CURRICULAR ACTIVITIES

- Participated in multiple hack-a-thons and won accolades in them.
- Member of Newton School of Coding Club (NSCC), involved with events and programming events.
- Experience in hosting events, leading teams, and coordinating activities.
