REACT DEVELOPER — PROFESSIONAL SUMMARY

Full-stack developer specializing in React.js, TypeScript, and modern frontend architecture with production-grade UI/UX experience.

EXPERIENCE

Microsoft Learn Student Ambassador (MLSA) – Trainee

Nov 2024 – Present

- Completed hands-on training in full-stack development and Microsoft Azure fundamentals.
- Collaborated on technical projects and peer learning initiatives.
- Built and deployed applications using modern web technologies and cloud platforms.

AWS Certified Cloud Practitioner (CLF-C02)

2026

- Demonstrated knowledge of cloud computing fundamentals, AWS global infrastructure, and core services (EC2, S3, RDS, Lambda).
- Gained understanding of IAM, shared responsibility model, security best practices, and compliance principles.
- Applied cloud concepts to design scalable and cost-efficient architectures.
- Familiar with AWS pricing models, billing, and monitoring services like CloudWatch.

PROJECTS

Zingle – Social Media Platform — React (Vite), Node.js, Express, MongoDB, Redux, Tailwind CSS

2026

- Built a full-stack social media app with posts, stories, messaging, and user connections.
- Developed RESTful APIs and authentication (Clerk) for secure user and data management.
- Integrated media handling (Cloudinary/ImageKit) and designed responsive UI with Redux state management.

AthLead – AI Sports Analytics & Talent Ranking Platform — React.js, Node.js, Express, MongoDB, Python, JWT

2025

- Built a full-stack platform enabling athletes and coaches to securely input performance data and receive AI-driven scoring insights.
- Designed RESTful APIs and integrated a Python-based ML model for player performance evaluation.
- Developed interactive dashboards to visualize performance metrics, rankings, and event data.
- Selected for Smart India Hackathon 2025 (Ministry of Youth Affairs & Sports, Govt. of India).

Wanderlust – Airbnb-like Rental SaaS Platform — MERN, MVC, MongoDB Atlas

2026

- Built an Airbnb-style rental SaaS platform using MERN architecture.
- Implemented MVC structure, schema validation, and secure session-based authentication.
- Integrated image uploads and deployed on MongoDB Atlas.

TECHNICAL SKILLS

React.js, Next.js, TypeScript, Vite, Redux, Tailwind CSS, GSAP, Node.js, Express, MongoDB, REST APIs, Clerk Auth, Cloudinary, Git

EDUCATION

Bachelor of Technology in Computer Science

KIET Group of Institutions, AKTU · 2023 – 2027 · CGPA: 7.1/10

Intermediate (Class XII)

D.A.V Public School · 2022 · Score: 85%

EXTRA-CURRICULAR ACTIVITIES

- Participated in multiple hackathons and won accolades.
- Member of Newton School of Coding Club (NSCC); involved in programming and technical events.
- Experience in hosting events, leading teams, and coordinating activities.
